4. Tournament Software

The Head Professional gave an update on the Tournament Software that is being trialled over the next few months. GolfBox is the chosen supplier and the software will be utilised during the Junior Open, Senior Open and Craws Nest Tassie tournaments. It will be reviewed before any decision is made moving forward. A Trustee enquired if the software will cope with the new world handicap system. This will be reviewed at the end of the trial.

It was agreed that the tournament team must be comfortable with the systems performance before use at the Crows Nest Tassie.

5. WAGR Event

The Head Professional gave an update on the proposal to create a WAGR event at Carnoustie Golf Links from 2021. After recent discussions with Scottish Golf, the opportunity to host an event is very limited but the Golf Development Team will continue to pursue this to find the best fit for CGL.
