Golf is our business; it is also our passion and we love it. We believe allowing golfers to enjoy a game in a safe environment provides the mental and physical health benefits to improve the wellbeing of hundreds of thousands of enthusiasts across the country.

This practical guide, prepared by our team in consultation with industry and medical experts, outlines the robust, monitored measures Carnoustie Golf Links has taken to help safeguard our customers during the COVID-19 pandemic. For golfers, the measures cover each step of the journey from home to 1st tee and back home again. At the golf courses, these measures are in place from dawn until dusk, seven days a week.

Our measures and procedures are under constant review, updated as advice from government, health authorities and governing bodies evolves in line with the gradual lifting of social restrictions.
